FIGMA | USER FLOW |WIREFRAMING | PROTOTYPING.

PROFESSIONAL SUMMARY

I am a UI/UX Designer with a strong foundation in front-end development and engineering, passionate about creating intuitive, user-centered digital experiences. I am skilled in Figma, prototyping, wireframing, user research, and accessibility, with hands-on expertise in HTML, CSS, JavaScript, and React that allows me to bridge design and development seamlessly. I am driven by problem-solving and design thinking, combining my Agricultural Engineering background with creative digital design to deliver functional, visually engaging interfaces. I am dedicated to building digital products that improve usability, enhance productivity, and support sustainable growth across technology and business sectors.

SKILLS

- **Product Design Skills:**

· **Design Tools:** Figma (auto-layout, components, variants, constraints, plugins), Canva

· Wireframing & Prototyping: Low- and high-fidelity wireframes, interactive prototypes, user flows

· **User Research:** Surveys, interviews, usability testing, persona creation

· **Accessibility & Usability:** Designing for inclusivity, responsive layouts, error prevention

PROFESSIONAL DEVELOPMENT AND CERTIFICATION

- **Udemy** MAR 2025 - SEPT 2025

UIUX Product Design Training:

Credential ID UC-fff3f3e7-a738-43e7-93cc-367a2ff41883

PROFESSIONAL WORK EXPERIENCE

BIOMETRIC CENTRE, Michael Okpara University Of Agriculture Umudike. ***ABIA STATE***

BIOMETRIC STAFF JAN 2025 -

- Registered and validated student biometric records with high accuracy.
- Verified examination attendance using biometric authentication systems.
- Resolved identity verification issues to support smooth examination processes.
- Maintained confidentiality and integrity of student data.

ABIA ATLAS ***ABIA STATE***

FIELD DATA COLLECTION OFFICER SEPT 2025 -MAR 2026

- Conducted on-site visits to government Ministries, Departments, and Agencies (MDAs) to collect project-related data and photographic evidence..
- Uploaded and organized collected datasets and images into the central database for analysis and reporting.
- Verified and documented state-level development projects, ensuring accuracy and completeness of collected information.
- Successfully uploaded and managed 200+ project records in the database, contributing to improved accessibility and reliability of project information..

PERSONAL WORK PROJECT

Afriwa Foods – UI Mobile App

- Designed and implemented responsive, reactive components in Figma, ensuring clickable and interactive user flows.
- Updated and refined design layouts to improve visual consistency, usability, and accessibility across devices.
- Built and prototyped interactive screens to simulate real user journeys, including navigation and checkout processes.
- Conducted iterative design reviews and applied feedback to enhance functionality and user experience.
- Delivered a complete high-fidelity prototype showcasing end-to-end product interactions for stakeholder presentation.

EDUCATION

Bachelor of Engineering (B.Eng.) | Agricultural Engineering

Michael Okpara University of Agriculture Umudike, Abia state, Nigeria.
